Railroad Around Hawaii.

Col. Gilbert F. Little, of Hilo, went down along the O. R. & L. Co.'s Railroad yesterday afternoon to gather points regarding the building of the track, he having been commissioned by a syndicate in the city of New York to make an examination and report. It is the purpose of this syndicate to build a railroad around the Island of Hawaii, taking in all the principal places. Colonel Little says that he will report favorably after examination of the O. R. & L. tracks, and that he is sure the syndicate will act on his word, so that means a railroad for Hawaii.

On the morning of Feb. 20, 1895, I was sick with rheumatism, and lay in bed until May 21st, when I got a bottle of Chamberlain's Pain Balm. The first application of it relieved me almost entirely from the pain, and in the second afforded complete relief. In a short time I was able to be up and about again.—A. T. Moreaux, Laverne, Minn. The plated spoons and forks made by the Holmes & Edwards Silver Company, cannot be distinguished from solid silver, except in weight. The patterns are identical with the solid goods, and the bowls and handles are reinforced with sterling silver, so that those parts of the spoons which come in contact with the table are well protected and will last as long as solid ware. Every piece sold by us is guaranteed by the manufacturers, by this certificate:

"We guarantee these goods in ordinary family service to wear Twenty-five Years, and in hotels from Ten to Fifteen Years. We also agree to accept as half payment, such goods as show wear during next five years after the term of guarantee, if otherwise in good order."

In buying these inlaid goods you practically have the use of them for thirty years at half what you originally pay for them. No other manufacturers give such a guarantee; no other manufacturer can afford to.

We believe we have the largest stock of cutlery in Honolulu, and it is from the best English and American manufacturers—they make good knives in the United States—and our prices are low. The best makers are using grained celluloid as a substitute for ivory handles and the effect is very pretty. Bone handles turn yellow, the celluloid immutates do not. The price is in favor of bone handles, if cheapness is the object.

Medium knives, bone handles \$4.75 a dozen, with celluloid \$6. Dessert, ivory handles \$5.75; bone, \$4.25. Roger's English knives, bone handle, \$3.50. Dessert \$3. Plated knives \$2.50 and \$2.75. Large assortment of carvers from \$1 to \$27 per set.

CHEAP—true cheapness, is not in price but in value—this store is known from Niihau to Hawaii. In short, the saving from other store's usual prices is a fourth, third or half. Is that worth while to you? It is to careful folks, house-keepers and hotel keepers.

We have oak bedroom sets at \$35—mahogany finish at \$115, the value is the same and cannot be duplicated in Honolulu. They are well made of the best quality seasoned lumber. Not old stock, but new arrivals and new designs. Our agents in the East are ever on the lookout for pretty furniture, and when found it is shipped to us. We number among our patrons the rich people of Honolulu; we like their patronage. But we cater to those who have not such a share of worldly goods and have furniture to please them.

For the next two weeks we will offer for cash, handsome hardwood sets at \$28. China closets, either round or square corners. Handsome sideboards at \$20. Chairs, straight backs and rockers. Solid oak and wicker chairs. The largest assortment in the city.
